

## About the Professional Partner Program

The Region 6 Professional Partner Program works in partnership with families to assist in finding ways to address the needs of their children within the home environment, utilize natural supports and community resources, and develop strength-based strategies. We also work with young adults who are transitioning to independent living.

If you ...

- have a child with behavioral or emotional concerns
- have tried to find help but are unable to find services you can afford
- feel hopeless and are not sure where to turn for help
- have a child at risk of being suspended from school or removed from the home
- are a young adult learning to live independently

We can help.

The program is available to residents of Cass, Dodge, Douglas, Sarpy, and Washington counties in Nebraska who are between the ages of 0 and 26 and who are experiencing behavioral health concerns.

For more information call our  
intake coordinator at  
402.996.8377

## How it Works

We work with you towards common goals that are established through an individual planning process.

Together we will identify individuals, community resources, traditional mental health services and community-based supports that will benefit you and your family. We will focus on building partnerships, strength based strategies, and goals that are specific to your needs.

## What People are Saying...

"Our experience with Region 6 has been great. We have already recommended Region 6 to other families."

"The program is fantastic. The Professional Partner works around my schedule, which is very helpful."

"I very much appreciate everything our Professional Partner and Region 6 have done for us to keep our child at home with us."

"I would recommend this program to any family."

"Our Professional Partner has been very supportive, insightful, and helpful."

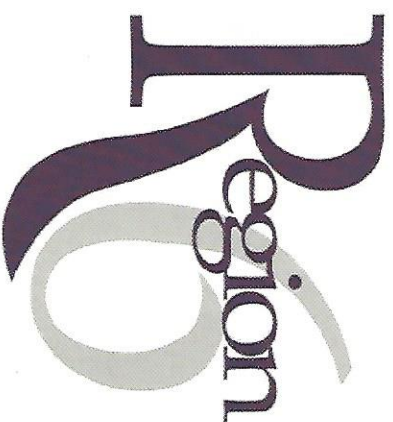

The Professional Partner Program is a CARF accredited program of Region 6.

Region 6 Behavioral Healthcare is supported in part by state funds from the Nebraska Department of Health and Human Services.
